

Imagine

A new **lifestyle series** by Heathwood Homes

IMAGINE is a whole new way of creating a lifestyle. It's about how we build a home and how you buy a home, and it's about getting exactly what you want in a home. Turning a new house into a home also requires imagination. You picture the kind of home you've always dreamed about. Then within those four walls and a roof, you create that ideal place, feature by feature.

That's why the **IMAGINE Lifestyle Series** is so right for the times. You begin with a great floor plan that fits your needs. This is really just a starting point. From there you build your dream home à la carte.

And the result is a home that is everything you hoped and imagined it would be, right down to the smallest detail.

IMAGINE feeling Home at Last

At Heathwood Homes, we believe in the **power of imagination**. And so we offer you a new affordable way to get into the home of your dreams, and it's called **IMAGINE**.

At Heathwood, there is a difference.
